

COOLEST COMBAT SHIRT

TECHNICAL DATASHEET

The Coolest Combat Shirt is a combat shirt, and it consists of two fabrics, namely the sleeves are made of fabric by choice (multiple color options - black, dark blue, grey, camo) and the central part is made of a special high-tech cooling fabric with extremely effective cooling properties. The shirt has two elbow pockets, with the possibility of adding a cushioning insert, an additional air mesh under the armpit and a small "card" pocket on the left sleeve. It is possible to adjust the wrist part with Velcro. The shirt also has an additional mesh fabric under the armpit, which allows the user more breathability.

PRODUCT CODE

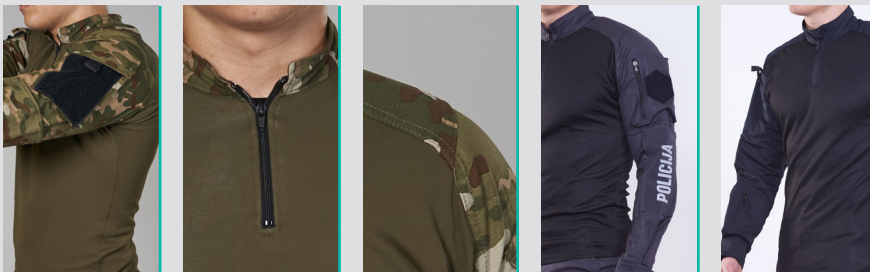

- Unisex: MA039S6
