

# COMBAT UNIFORM MILITARY

## TECHNICAL DATASHEET

They are made from strong, durable materials that can withstand the rigors of combat and other demanding conditions. It is designed to offer a balance between protection and comfort, allowing soldiers to move freely while providing adequate coverage and support. The uniform is designed with practical features such as multiple pockets for carrying gear, reinforced stitching for added strength, and adjustable components (like cuffs and waistbands) for comfort and fit. The model is highly adjustable and customizable. It consists of blouson, trousers and heavy jacket.
